WHERE

- *trento, italy*

We will meet in Trento, a beautiful town with a population of about 120,000 inhabitants. Trento is situated in the north of Italy, near the border with Austria, and is known for its beautiful countryside, with lovely mountains and lakes. It is an excellent opportunity for hiking, sailing, and mountain bikes trips.

- *accommodation*

The house is located in Candriai, a mountain area nearby Trento. The house is a self-management house with a nice equipped kitchen, a common room and shared bedrooms for 3-4 people. There will be wi-fi, a projector for music and movie nights and a wide outdoor space for activities.

HOW

The exchange will be organized as "self management". We will be divided in groups and we will prepare delicious meals and international dinners. We will also eat out in some of the days :)

Think of a typical dish your group could prepare, as well as some typical traditional activities your group would like to share during the youth exchange.

Some meals will be managed by a catering service taking into consideration all of your food preferences and restrictions.

international TRAVEL

Actual travel expenses from the country of residence to the location of the exchange will be reimbursed up to the amount indicated in the table below this chapter (the table states the maximum amount that can be reimbursed according to the travel distance). **Refunds will be made only after receiving the complete travel documents.** The maximum amount of permitted travel costs will be calculated based on the distance between the place of residence in your country and the place where the exchange takes place.

Please note that you have to travel from the country of the sending organization you represent. In the case that you need to travel from a country that is different to that of your sending organization, please inform us in advance as we must communicate this to our National Agency in order to get approval for your travel.

You can calculate the exact distance using the [official link](#).

REIMBURSEMENT

We will be able to reimburse you only after receiving all relevant documents from you: we kindly ask that you make use of electronic tickets as much as possible, because this will facilitate the process of reimbursement and make it faster. If you have any paper tickets, you will need to hand us the original physical ticket in order for us to be able to reimburse you (this is required by Italian law). In case your country and/or organization has a similar law, we will need a declaration from your organization's legal representative stating that you need to keep the tickets. Hence, electronic tickets will help a lot!

Please note that the reimbursement will be done right after the end of the YE, after receiving all relevant travel documents from you. The reimbursement will be done no later than 2 months after the end of the exchange (in this case, no later than 24/08/2026). We will not be able to make a reimbursement after that date.

Please also note that we can only make the reimbursement to your personal bank account (the name of the bank account holder needs to correspond to your name) or to your sending organization's bank account. No third-party bank accounts can receive the reimbursement. We cannot reimburse anything in cash, even for small amounts.
